BOROUGH OF BRONX.

FOR SALE.

BOROUGH OF BRONX.

FOR SALE.

BOROUGH OF BRONX.

FOR SALE.

"EVERY DROP of the Auctioneer's hammer will mark the founding of a fortune," was the caption we used in our advertisement just prior to the auction sale of the Morris Park Race Track lots in Section One, now known as

BEAUTIFUL Morris Park

Bronx, 177th Street to 195th Street.

About two weeks have elapsed since the day of that memorable Auction, and the results have already begun to speak for themselves. As the returns regarding the closing of titles to the lots purchased at the Auction come in, purchaser after purchaser advises us that he or she has transferred them at a profit of \$300, \$500, \$700, etc., to some one else who was not fortunate enough to get into the auction room.

Meanwhile, plans and specifications for proposed buildings keep on pouring into the office. All this, in connection with the energetic work we are doing ourselves in finishing the grading, curbing, paving, etc., of the streets, is swiftly rounding out the property into its ultimate destined condition—the section of the city that will be universally known as "Beautiful Morris Park."

Those who were wise enough to appreciate the advantages of "Following the Astors," and who have already bought property at "Beautiful Morris Park," are even now realizing the profits of their shrewdness and foresightedness. But "Beautiful Morris Park" is still in its infancy, and the price list of to-day still enables intending home builders to acquire a site in this most favored of New York's locations for home and investment.

This much is to be remembered:—That we have not had "to go about making Morris Park." "Beautiful Morris Park" has made itself—located in the heart of the downtown Bronx, possessing every advantage that transportation, environment, and natural position can possibly give to a piece of land, it has been eagerly awaited for years by those who wished to build a home near New York's business centre, but could find nothing to purchase in so desirable a location. Now the owners are doing much to help along the growth of this beautiful tract of land; but after all, the intrinsic value lies not in the work of the owners, but in the work of the entire city of New York, which has heretofore grown to the very gates of this property, and which, now that the property has been opened, is pouring its population and its wealth into the property, just as it has heretofore poured its millions of dollars into the system of parkways and driveways that now encircle it.

To conclude this advertisement, we may but reiterate that every line of rapid transit in the East Bronx, now existing, building or projected, traverses or serves this property. Go up to-day and see "Beautiful Morris Park," and especially that section of it now opened to the public, immediately adjoining the Astor Estate.

To get to Beautiful Morris Park take

Third Avenue "L" to 177th Street, transfer there to Morris Park Avenue car, direct to the property. Lenox Avenue Subway to 177th St. station, transfer to Morris Park Avenue car, direct to the property. Any trolley car in the Bronx and transfer to Morris Park Avenue car or White Plains road car. Any train of the local service of the New Haven Railroad and get off at Van Nest or Westchester station.

LOST, FOUND AND REWARDS.

LOST—Brooch of Diamonds and Pearls and a large centre Diamond.

Lost between 83d st. and Riverside Drive and 92d st. and Broadway. An exceptionally liberal reward is offered. Apply to Mr. P. A. CONNE, Secretary and Treasurer Saks & Company, Herald Square, New York.

body knows. The gas suddenly blazed up and the men started scrambling out of the pit. All reached the surface, but several were badly burned. The fire engines were called and the Consolidated Gas Company shut off the flow of gas through the broken main. After that the fire, which had spread to Cramer's place, was soon extinguished.

The fact that Inspector Charles McCullagh of the gas company, who is posted at this point, was one of those scorched and so could not notify his office caused a delay of about half an hour. Ambulances took three men each to Flower and Bellevue hospitals. All recovered. By 5 o'clock the gas main had been repaired.

Foreman O'Neill was one of the injured, but his assistant, William C. Smith of 2102 Amsterdam avenue, was arrested and taken to the Yorkville police court on a charge of careless blasting. Magistrate Crane held him in \$3,000 bail for examination to-day.

Exactly what happened after that no one knows.

PILETS

Plaster, Plaster, treated only. Latest method of latrine use. Dr. Chapman, 107 E. 23d St. N.Y.

BIG BLAZE AFTER BLAST.

Dozen Men Scorched by Gas in Street Trench, Six Severely.

The ignition of gas escaping from a main that had been broken by a blast in an excavation in the street at First avenue and Forty-third street caused a fire yesterday morning which burned six men severely, injured several others and set fire to the front of John Cramer's saloon on the north-west corner.

The G. M. Geat Company has the contract for digging the trench for the wires of the new plant of the Edison Electric Company at Fortieth street and First avenue. At Forty-third street the trench is crossed in all directions and levels by numerous pipes. At 9 o'clock Foreman Lawrence O'Neill placed a rather heavy blasting charge which was intended to clean away some rock underneath a 24 inch gas main. After the explosion the men went back to the trench, not noticing that the gas main had been cracked all the way around.

Exactly what happened after that no one knows.

MONTCLAIR NOMINATIONS.

James M. Trimble Put Up for Mayor and W. H. Goff for Freshwater.

MONTCLAIR, N. J., Oct. 12.—The Democrats at their town convention to-night nominated James M. Trimble, a well known member of the Essex county bar for Mayor. Mr. Trimble is a son of a former United States Consul at Milan, Italy, and was appointed by the Italian Government; recently to inquire into the affairs of the New Jersey colony of anarchists that it was alleged were plotting against the Italian Government.

He was also the chief of counsel for Anna Valentini, the Hackensack murderess, who was saved from the gallows recently by the Court of Pardons of New Jersey. William H. Goff, a former superintendent of sewers of the city of Brooklyn, was the choice of the convention for Freshwater.

Jury Clears Samuel N. Hoffheimer of Fraud. CHICAGO, Oct. 13.—A jury this afternoon declared Samuel N. Hoffheimer, a nephew of Nelson Morris's wife, innocent of swindling \$3. W. Strauss & Co.

The jury by its verdict practically found that Simon W. Strauss in entering into the business of swindling Yonkers Bros. was involved to the extent of \$300,000. A single day knew that they were culled on fictitious transactions and worthless drafts.

MO. PAC. BALL TEAM TO DINE.

Club Fathered by George Gould Will Celebrate Its Victories.

The Missouri Pacific Baseball Club, which is financed by George J. Gould and his brothers, will celebrate its successful season by a dinner at the New York Athletic Club on October 25.

The members of the club include employees in the offices of the various Gould corporations, including the Western Union, the Waikiki, the Missouri Pacific and the Iron Mountain and Southern, all having headquarters at 195 Broadway. The team has Paramount Park, in Brooklyn, for its home field.

The dinner will be presided over by M. J. O'Leary, secretary of the Telegraphers' Mutual Benefit Association, and George J. Gould will be the guest of honor. About forty guests will be invited.

New Catholic Church for Brooklyn. The cornerstone of the new Roman Catholic Church of St. Ambrose, which is to be erected at Tompkins and DeKalb avenues, Brooklyn, will be laid this afternoon at 3 o'clock by Mgr. McManus. The new church will front on DeKalb avenue and will be built of brick. It will cost about \$100,000. In the rear will be built a tower, which will have a full set of bells.

TO GIVE UP THE BELLECLAIRE.

Receiver for Milton Roblee Finds That Hotel Unprofitable.

McDougall Hawkes, receiver in bankruptcy for the assets of Milton Roblee, proprietor of the Hotel Bartholdi, at Broadway and Twenty-third street, and of the Hotel Belleclair, at Broadway and Seventy-seventh street, has decided to give up running the Belleclair. He finds that under present conditions it cannot be carried on at a profit, the daily charges considerably exceeding the receipts. The furniture, tailors, linen, provisions and wines are valued at \$15,000. The landlord has promised to rent the furniture, etc., and buy the provisions and wines if the lease is surrendered. Judge Hough of the United States District Court has granted Mr. Hawkes leave to surrender the lease. He will continue to run the Bartholdi, as that place is profitable.

37. Charles W. Morse Getting Along Well. Mrs. Charles W. Morse, who is the wife of the president of the American Ice Company, and who underwent a critical operation on Friday morning in her apartments at the St. Regis, was reported yesterday afternoon to be progressing as well as could be expected.

BUSINESS CHANCES.

WANTED—A reliable young man with ability who has from \$500 to \$1,000 cash to engage in a very profitable business. BIGNOWITZ PRO-MOTING COMPANY, Reno, Nevada.

Gold Beaters' Strike Settled.

After conferences lasting several days between representatives of the National Association of Gold Leaf Manufacturers and the Gold Beaters' National Union the national strike of the gold beaters, which has tied up the trade for over two months, was settled yesterday. The strike was for an advance in wages and the abolition of the middleman system by which the small dealers sell their product to the large dealers. By the terms of settlement the old wages will continue, but the middlemen will get higher prices in order that they shall not menace the trade by undue competition.

DWELLING HOUSES TO LET.
